

# 23rd Annual Euroacademia Multidisciplinaria Neurotraumatologica Congress 2018

**8TH MAY 2018**

**08:00 – 18:00 REGISTRATION / INFORMATION**

**09:30 – 10:00 OPENING CEREMONY**

**10:00 – 12:00 SECTION I.**

**Chair: Stefan Ioan Florian, Andras Buki**

10:00 – 10:30 *International initiatives in clinical research for traumatic brain injury*

**Andrew Maas (Belgium)**

10:30 – 11:00 *Perspectives of the EMN*

**Ioan Stefan Florian (Romania)**

11:00 – 11:20 *Limitations of guidelines in neurotrauma: lessons learned from recent studies*

**Abayomi Sorinola (Hungary)**

11:20 – 11:40 *The concept of German Neurotrauma Registry: Hand in hand toward improved quality of management in traumatic brain injury*

**Jacek Szczygielski (Germany)** Joint Working Group of German Trauma Society

11:40 – 12:00 *When the results of studies are insufficient to make good decisions*

**Andras Csokay (Hungary)**

**12:00 – 13:00 LUNCH**

**13:00 – 15:30 SECTION II.**

**Chair: Endre Czeiter, Lars Hillered**

13:00 – 13:30 *Translational research projects in traumatic brain injury*

**Stefania Mondello (Italy)**

13:30 – 14:00 *Neurotrauma – The future role of biofluid based biological markers*

**Kevin K. W. Wang (USA)**

14:00 – 14:30 *Biomarkers and big data in TBI*

**Ronald L. Hayes (USA)**

14:30 – 14:50 *Biomarker research under the umbrella of CENTER TBI*

**Andras Buki (Hungary)**

14:50 – 15:20 *Transcortical magnetic stimulation: is there an application in TBI and neurorehabilitation?*

**Giovanni Raffa (Italy)**

**15:20 – 15:50 COFFEE BREAK**

**15:50 – 17:50 SECTION III.**

**Chair Tamas Doczi, Giovanni Raffa**

15:50 – 16:20 *Contemporary policies in the treatment of spine injury*

**Andreas Demetriades (UK)**

16:20 – 16:50 *Minimally invasive surgical approaches in spine injury*

**Attila Schwarcz (Hungary)**

16:50 – 17:05 *Instrumented Spine Surgery for Traumatic Thoracolumbar Fracture*

**Fatos Olldashi (Albania)**

17:05 – 17:20 *A novel "direccional" double screw fixation method for management of type II odontoid fractures not requiring postoperative neck bracing*

**Waldemar Koszewski (Poland)**

17:20 – 17:50 *Better together: Human-robot-robot-human interaction during motor therapy in neurorehabilitation*

**Verena Klamroth-Marganska (Switzerland)**

**17:50 – 19:30 POSTER SECTION / EMN PRESIDIU**

**20:00 – 22:00 – PRESIDIU MEMBER DINNER AT KIKELET RESTAURANT**

**9TH MAY 2018**

**08:00 – 18:00 REGISTRATION / INFORMATION**

**08:30 – 11:45 SECTION IV.**

**Chair: Antonino Germano, Bruno Splavski**

08:30 – 09:00 *Neurotrauma - Global challenges*

**Franco Servadei (Italy)**

09:00 – 09:30 *Is there a breakthrough on the horizon in TBI care?*

**Andreas Unterberg (Germany)**

09:30 – 10:00 *What is your hospital policy for the management of severe TBI patients? Results of a European web-based survey*

**Antonino Germano (Italy)**

10:00 – 10:30 *Cranioplasty in patients suffering from traumatic brain injury - risk factor analysis and treatment strategies*

**Jürgen H. Meixensberger (Germany)**

10:30 – 11:00 *Complications of Cranioplasty*

**Ioan Stefan Florian (Romania)**

11:00 – 11:30 *Titanium versus PMMA custom-made cranioplasty: Our experience*

**Alexandru-Horatiu Rotaru (Romania)**

11:30 – 11:45 *Beneficial effect of acetazolamide in mouse model of head trauma / decompressive craniectomy: A new perspective on an old drug from the cranial window?*

**Jacek Szczygielski (Germany)**

**11:45 – 12:45 LUNCH**

**12:45 – 15:15 SECTION V.**

**Chair: Dafin Fior Muresanu - Ulrich Kunz**

13:30 – 14:00 *Clinical trials and their effect on evidence based guidelines*

**Peter Hutchinson (UK)**

14:00 – 14:30 *Translational Research on Traumatic Brain Injury – A 30-year Perspective*

**Lars Hillered (Sweden)**

14:30 – 14:50 *Multidimensional Strategies to Improve TBI Clinical Research - Towards a New Gold Standard*

**Johannes C. Vester (Germany)**

14:50 – 15:05 *No country for old brain? Cerebral amyloid angiopathy and its role in neurological recovery*

**Jacek Szczygielski (Germany)**

15:05 – 15:15 *ANACONDA: Analgosedation in patients with severe TBI with continuous volatile inhaled gases - a promising strategy for long term sedation - An overview*

**Matthias Menzel (Germany)**

**15:15 – 15:45 COFFEE BREAK**

**15:45 – 17:00 SECTION VI.**

**Chair: Ulrich Kuncz – Barbara Gregson**

15:45 – 16:05 *Brain stem blood flow in traumatic brain injury: the exploratory multivariate analysis*

**Gleb Danilov (Russia)**

16:05 – 16:35 *Contemporary high resolution ICP monitoring*

**Marek Czosnyka (UK)**

16:35 – 16:55 *Psychopathological consequences of severe diffuse and focal brain injury*

**Oleg Zaitsev (Russia)**

16:55 – 17:15 *Conceptual approaches to surgical treatment of head injury sequelae*

**Leonid Likhтерman (Russia)**

17:15 – 17:30 *A new vista for TBI research – CAPTAIN Trial*

**Dafin Fior Muresanu (Romania)**

17:30 – 17:45 *Assessment of early posttraumatic cerebral hemodynamic by transcranial Doppler ultrasonography: up-to-date perspectives*

**Bruno Splavski (Croatia)**

17:45 – 18:05 *Progress in a trial of poor grade subarachnoid haemorrhage*

**Barbara A. Gregson (UK)**

**18:05 – 19:05 EMN MEMBERS MEETING**

**19:15 – 22:15 GALA DINNER AT PEZSGŐHÁZ**

## **10TH MAY 2018**

**8:00 – 13:00 REGISTRATION / INFORMATION**

**08:20 – 10:20 SECTION VII.**

**Chair Petar Vulekovic – Alexandru Vlad Ciurea**

08:20 – 08:50 *Quality of Life after Traumatic Brain Injury*

**Nicole von Steinbüchel (Germany)**

08:50 – 09:20 *Should We Abandon Complete Exploration of the Brachial Plexus and Usage of Proximal Viable Nerve Stumps for Grafting as the Primary Treatment Modality in Traction Injuries?*

**Lukas Rasulic (Serbia)**

09:20 – 09:50 *Traumatic brain injuries in downhill skiing in Europe: New facts*

**Wolf Ingo Steudel (Germany)**

09:50 – 10:20 *Facial Nerve Palsy- Principles of Reconstruction*

**Lucian Fodor (Romania)**

**10:20 – 10:35 COFFEE BREAK**

**10:35 – 12:35 SECTION VIII.**

**Chair: Lukas Rasulic – Wolf Ingo Steudel**

11:05 – 11:35 *Mild Traumatic Brain Injury in Clinical Center of Vojvodina, Novi Sad*

**Petar Vulekovic (Serbia)**

12:05 – 12:35 *New perspectives of modern neuroimaging in chronic phase of traumatic brain injury-management, therapeutic strategies, follow up and global outcome*

**Alexandru Vlad Ciurea (Romania)**

**12:35 – 13:35 FAREWELL LUNCH BUFFET AT KNOWLEDGE CENTER**
